As a Business School graduate, I seek a role as a Business Analyst or Project Manager within an organisation that seeks to reduce climate change and inequality. My academic and practical background has given me a solid grasp of business strategy, data analysis, and project management. My strengths lie in boosting operational efficiency, guiding projects to successful completion, and promoting collaborative efforts among teams.

/ KEY COMPETENCIES

- Efficiently formulating and implementing high quality business strategies to achieve organisational goals.
- Optimising operations and resources to enhance organisational efficiency.
- Knowledge and commitment to integrating sustainability and social responsibility in business practices.
- Flexible adapting to new environments and challenges, maintaining effectiveness in varying situations.

/ PROFESSIONAL EXPERIENCE

Technical Business Analyst Intern - Direct to Consumer

Ingoude Company / Sept 2024 - Nov 2024

Developed and implemented a streamlined process for gathering business requirements, reducing project delivery time by 15%. Developed and implemented a standardised reporting framework, improving the visibility of key performance metrics and further enabling data-driven decision-making within the department.

Team Assistant - Financial Reporting

Timmerman Industries / Jan 2023 - Aug 2024

Assisted project managers in planning and executing various projects, ensuring adherence to project timelines and deliverables. Monitored project budgets and tracked expenses. Prepared detailed financial reports, reinforcing the Timmerman Industries's commitment to environmental responsibility while adhering to guidelines.

Barista

Rimberio / Feb 2021 - Present

Prepared and served a variety of beverages with precision and creativity, consistently meeting quality standards, and receiving compliments for latte art and presentation. Cognisant of its commitment to environmental stewardship, the organisation provided comprehensive training and education on sustainable practices, equipping employees with in-depth knowledge and expertise in implementing eco-friendly business operations.
